## big jim

BIG JIM is a happy-go-lucky meeting place, a lounge armchair built with a polyethylene single body. It's easy-fitting and it has a long lifespan since it is resistant to different weather conditions, it is therefore highly recommended for outdoor use. In poshy environments, it can serve as a waiting place or for just a quick meeting. Big Jim comes in white, grey or black with either fixed or swivel silver grey or polished aluminum bases.

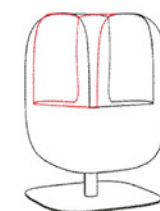

- BJ1 swivel aluminum base
- BJ2 swivel polished base
- BJ3 fixed aluminum base
- BJ4 fixed polished base
