## Pillow Space

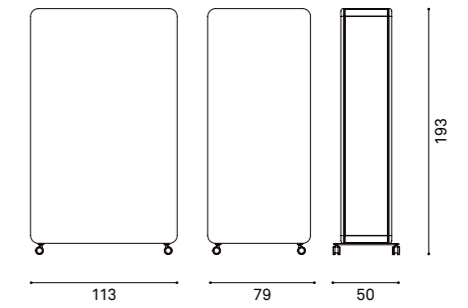

The Pillow Space room dividers offer a range of whiteboards as well. There are two versions; either the total front can be equipped with a enamelled steel whiteboard or the front can be equipped with a glass surface whiteboard from the Pillow Grid series (previous page). Both are magnetic and stability and mobility are ensured by large casters with brakes. Several heights and widths are available and easy configuration with shelves, wardrobe or other accessories is possible (see Pillow Space pages).

Die Pillow Space Raumteiler werden auch mit Whiteboards geliefert. Es gibt zwei Versionen; die gesammte Front wird in einem emailliertem Whiteboard aus Stahl ausgeführt oder Pillow Space wird mit einem gläsernem Whiteboard aus der Pillow Grid Serie (vorige Seite) versehen. Beide sind magnetisch und in diversen Größen verfügbar. Stabilität und Mobilität sind durch große bremsbare Rollen gesichert. Die Konfiguration mit Regalen, Garderoben und anderen Accessoires ist möglich (siehe Pillow Space Seiten).

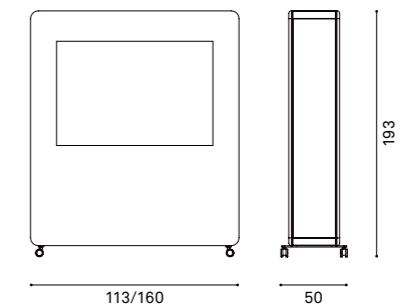

### MATERIAL AND FINISH

Enameled steel sheet whiteboard or glass whiteboard  
Upholstered panels

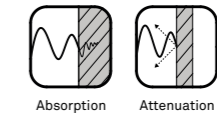

DIMENSIONS (CM) STEEL WHITEBOARD

DIMENSIONS (CM) GLASS WHITEBOARD
